**Celebrating the many faces of the
Divine**

What is NTL's motto?

The paths are many, the truth is One
~love they neighbour

What is NTI all about?

- NTI celebrates the many faces of the Divine as seen in the World's diverse spiritual traditions
- NTI assists in giving credibility and grounding to the Healing and Spiritual Arts
 - What makes a profession credible?
 - Following an established Code of Ethics
 - Having a Standard of Practice
 - Offering the public protection through grounded, well trained practitioners/ministers
 - Having structures in place to be taken seriously and that demonstrate trustworthiness

What is NTI all about?

NTI provides a vehicle for training professional, skilled Interfaith Ministers and Spiritual Arts Practitioners

Much harm is done in the name of helping without these professional skills as a foundation

- NTI provides a home to Healing and Spiritual Arts Practitioners seeking a professional context:
 - NTI Graduates are part of a larger community – OIIM
 - NTI's Foundation Program, the CASC, offers professional skills that are simply not part of most spiritual or healing arts training programs
 - Example 1: Reiki, Therapeutic Touch or similar laying on of hands healing program training often does not include how opening the chakras can affect one's communication with the other side.
 - Example 2: Most spiritual and healing arts training, including that of ministers, does not include helping skills, counselling skills or holistic wellness skills.

What is NTI all about?

Hence our Foundation Program, the CASC, offers these professional skills as a foundation to the spiritual and healing arts

Many NTI graduates go on to specialize in one of NTI's specializations: *Spiritual Counselling, Spiritual Healing, Spiritual Mediumship, Spiritual Direction and/or Interfaith Ministry*

- Many NTI students bring with them a specialization in the spiritual or healing arts
 - e.g. Hypnotherapy, Reiki, Seiki, TT, EFT, Angel Therapy, Thanatology, Prayer, Crystal Healing, Core, Gestalt, Real Happiness, Chaplaincy...
- NTI offers established professions such as Certified Counsellors, Registered Massage Therapists, Social Workers, Psychotherapists the training to infuse their sessions with spirituality through the CASC

DHARMA, I WILL HAVE TO TEACH YOU TO BE MORE COMPASSIONATE.
