

## **About the CASC Program**

### **Certificate of Applied Spiritual Counselling**

Welcome to the iNtuitive Times Institute (NTI), the seminary program for the Open International Interfaith Ministry (OIIM). NTI and OIIM celebrate the many faces of the Divine as seen in the world's diverse spiritual traditions. NTI provides a vehicle for training professional, skilled Interfaith Ministers and Spiritual Arts Practitioners.

We are pleased to be able to offer to qualified students the CASC Apprentice Program. The CASC Program offers professional skills that are simply not part of most spiritual or healing arts training programs. We seek students who have a calling to be of service sharing their spiritual gifts and who have a passion for elevating the credibility and trustworthiness of the healing/spiritual arts.

The CASC program is offered through:

- 620 training hours of distance education training
- 6-10 day residency in Prince Edward Island, Canada and elsewhere when requested by eight or more students – 100 training hours
- 500 training hours of apprenticeship
- 300 training hours of personal development workshops or courses
- Weekly hour long video-learnings – 10 training hours each.

The benefits of attending NTI:

- Being part of a professional Interfaith/Interspiritual community with ongoing support.
- Professional status as Registered Spiritual Apprentices, Practitioners and/or Ministers.
- Eligibility for membership in professional associations whose members provide naturotherapist (n.d.)/naturopathic treatments. This allows most clients to benefit from their extended health care plans when receiving your services. Please check the regulations on n.d. qualifications in your province as they have changed in recent years.
- As NTI is a registered Canadian Federal HRSDC Certified Training Institute, you are allowed an educational exemption on your personal taxes (tax credit based on tuition fees plus monthly allowance for part-time study and texts - for 2012 this was 15% tax credit of tuition fees paid plus \$140 a month for studying part time and texts).
- Extensive mentoring from experienced Practitioners/Ministers.

- Graduates are invited to contribute as Associate Professors in their area of specialization.
- Graduates are eligible to be listed in the OIIM online Registry.
